

Hi, I'm Peanut! I shall give you top tips to stay safe online!

BY PW AND EL

STAYING SAFE ONLINE!

Have a different password for every account!

Yes, I've done this! My password for Instagram is Penny22, Facebook is peanut100...OOPS better check out the next slide to see what I did wrong!

Always keep your password private but you might want to tell your parents!

Here's one of my tips!
Always keep your password in your head or somewhere extremely safe!

Limit your time!

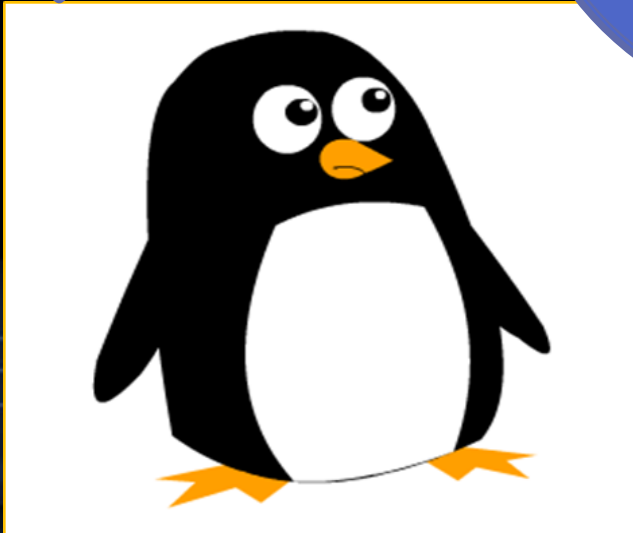

Limit your time on any
electrical devices and
make sure you make
room for your friends. Hi
Penny!

NOTHING MUMMY!

SHHHHHHHHHHH!
IM DOING
SOMETHING I
SHOULDN'T
DON'T TELL MY
PARENTS PLEASE

WHAT ARE YOU
DOING PEANUT?

Peanut made a mistake! Do you know what it was?

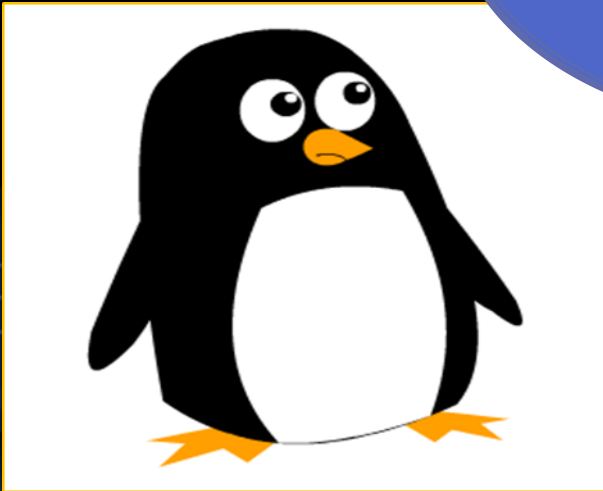

I MADE A HUGE
MISTAKE I SHOULD
HAVE TOLD MY
PARENTS WHAT I
WAS DOING!

**Peanut was talking
to someone he didn't
know online; he
could have been in
trouble!**

**You can reveal your first name or age but
never both!**

Its for your own
safety, I did it
once and it didn't
end well!

Thanks for watching!

I hope you learnt
something, I sure did
and I'm meant to be an
expert!
