

Big talk Sunday 7th February 2016

In class I try and be READY for Ms Baker on the carpet and at my table ready to learn.

In class we some times use Reflective Review because she makes us look back at our work to see how we can improve it. I reflect on my behaviour in class.

I am caring and helpful to my friends outside and inside school. I use Roan Relationship skills in class every day.

I like to have challenges in class as well and I also like to get new tasks. Even if I find the task hard I will try and do my best. I am quite Resilient Reena.

In class I use Resourceful Ruby when helping with my learning by using the tools in the class. For example the adjective mats.

My mummy thinks that Ms Baker will tell her that I will need to work on being more Resilient and to not give up so easily and to be more Reflective on work and behaviour and think more what I do.

This is a fabulous piece of work, Lily.
Lily Singleton I am so proud of you. (Mr Jones)
